

CURRICULUM VITAE

Oleksandr Honchar

Junior Front-End Developer · Computer Engineering Bachelor Student

📍 Sankt Pölten, Austria 📞 +380 96 406 2217 ✉ alexhonchar4@gmail.com 🌐 github.com/B1toks
🌐 linkedin.com/in/honchar-alex

👤 PROFILE

Driven 1st-year Computer Engineering Bachelor student at **Cherkasy State Business College**, currently on an **Erasmus+ exchange** in Austria, with hands-on experience in React and TypeScript. Proven track record of managing high-complexity projects independently — including leading a technical team for an interactive exhibition. Expert in leveraging **AI-assisted engineering workflows** to deliver scalable, performant web applications. Passionate about Full-Stack evolution and modern UI/UX.

★ CORE PROJECTS

Subutai — Kinetic Chess

EPS Project

Feb 2026 — Present

Technical Lead · St. Pölten, Austria

🔗 Live

★ **Selected exhibitor at Lucid Dreams 2026 · Projekt 027** — FH St. Pölten's annual interactive media showcase where invited student teams present their work to a public audience.

- Architected an innovative kinetic chess game (Chess 960 style) with dynamically rotating 2×2 board segments.
- Engineered complex mathematical logic for segment rotation, custom castling rules, and global state synchronization.
- Led the technical implementation solo for a 5-person international team, delivering a performant React application.

mIGHT — Learning Management System

LMS

🔗 Live

Lead Developer

- Engineered a comprehensive LMS from scratch with role-based access for Admin, Teacher, and Student.
- Developed a dynamic grade journal with auto-save and a dark-themed adaptive calendar.
- Built animated transitions and responsive design using Next.js and ShadCN UI for a premium UX.

ShowPlus — Rental Service Platform

🔗 Live

Web Developer · Commercial Project

Built a commercial rental service platform using WordPress and customised Elementor components. Optimised performance and cross-device responsiveness — translating client requirements directly into a functional business tool.

 EXPERIENCE

 Front-End Developer Intern · Internship II — eKreative

Jan 2025 — Feb 2025 · Cherkasy, Ukraine

- Developed a real-time traffic monitoring application for Cherkasy using OpenStreetMap API and admin moderation logic.
- Invited back for a second term based on high performance and rapid skill acquisition.
- Collaborated in an Agile environment, improving code maintainability and team velocity.

 Front-End Developer Intern · Internship I — eKreative

Jan 2024 — Feb 2024 · Cherkasy, Ukraine

- Translated complex Figma mockups into pixel-perfect React components.
- Built the first production React site with data loading from JSON — establishing component architecture patterns.

 Interim Front-End Developer — NiftyHR

May 2025 — Jul 2025 · Cherkasy, Ukraine

- Stepped in on the NiftyHR commercial project during a critical handover, sustaining a senior developer's workload.
- Ensured continuous feature delivery through rigorous debugging and rapid iteration.
